#### References:

1. On Request

<sup>1</sup> I&O = Infrastructure & Operations

## Section 2 – Elaborated.

### Academic Education:

Institution	Bonnievale High School	
Certificate	Grade 12 (Matric), 1973	
Subjects	Afrikaans, English, Biology, Science, Mathematics, Accountancy.	
Institution	Technicon RSA	
Certificate	National Certificate Computer Programming, 1985	
Subjects	Electronic Data Processing,	Commercial Programming I,
	Scientific Programming I,	Mathematics for EDP I,
Diploma	National Diploma Computer Data Processing, 1992	
Subjects	Information Systems, Commercial Programming, Systems Software, Mathematical Methods, Operational Research, Installation Management, BASIC & FORTRAN	
Institution	IBM	
Certificate	AIX V4 System Admin, 1999.	
Certificate	AIX V4 Basics & Advance User, 1999.	
Certificate	SMP/E for OS/390, 2000	
Certificate	Intro OS/390 Unix Services, 2000	
Certificate	Tivoli Overview, 2003	
Certificate	Tivoli Framework, 2003	
Institution	Verhoef Training	
Certificate	REXX Programming, 1999	
Certificate	VTAM SNA, 2000	
Certificate	Advance SQL, 2009	
Certificate	UML Modelling, 2011	
Institution	SAP SA	
Certificate	TAB10 – Basis Administration, 1999.	
Institution	Radical Training	
Certificate	System Analysis & Design, 2009	
<b>Computer Experience</b>		
S/390 (z-System)	z/OS, COBOL, TSO/E, CICS, SYSM VSAM, DB2, SQL, QMF, FQS, REXX.	
RS/6000 SP (i-System)	AIX (i/OS)	
Intel (x-System)	Linux, SCO UNIX	
Aka. Desktop/Laptop	Windows 10	Visual Basic
	MS-DOS	Java 2 <sup>2</sup>
	MS Office 2016 C/C++ <sup>2</sup>	PowerShell <sup>2</sup> PHP <sup>2</sup>
	_____ <sup>2</sup> elementary	

**Organization****SASOL**

Period

1973 – 1978

Position

Laboratory Assistant

Job Description

Quality/Process control by means of chemical analysis

**Major Projects:**

Project

Accounts Receivable (1982)

Purpose

Developing a new AR module for an Agricultural Co-op to administrate Member-Accounts and Grain Payments where the farmers act as both Debtor and Creditor.

Project

Global General Ledger (1984)

Purpose

Install a Ledger System and interface it with the Legacy System.

Project

User Support (1991)

Purpose

Establish a Centrum for the acquisition and support of desktop and LAN technology

Project

Grain Marketing System (1994)

Purpose

After the ceasing of the Grain Control Boards the customer had to establish its own system for the marketing of grain and the administration of grain contracts

Project

Installation of OS/390 (1997)

Purpose

We had to upgrade MVS to OS/390 as well as DB2 and CICS and establish a system support team that did not exist at that stage

Project

Implementation of SAP R/3

Purpose

Due to aging of current systems the customer decided to implement an ERP system and choose SAP R/3. This was to be implemented on RS/6000 SP and the S/390 as the database server with DB2

**Nedbank Projects:**

Project

Channel 1.1 - BDF

Role

Developer

Project

Channel Retail 3.1 - Retail

Role

Designer

Project

Channel Collections

Role

Designer

Project

Channel ABF

Role

Designer

Project

Channel 3.2 Cashman

Role

Designer

Project

Channel Release 4.2.1 – Sub Profile/CSM

Role

Designer

Project

Channel Release 4.2.2 – Sub Profile

Role

Designer

**Official Foreign Visits:**

Location

IBM Montpellier, France, 1999

Purpose

Preload and Configuration of SAP R/3 Base at IBM New Technology Centre

Location

H&amp;W Boise, Idaho, 1999

Purpose

Acquisition and Course on a new release of SYSM, an e-mail application for CICS, for Y2K purposes.

Location

London, England &amp; Bilbao, Spain, 2000

Purpose

Visit SAP S/390 sites at UK Post Office and Sony Corp. And at Iberdrola, Bilbao.

Location

Berlin, Germany, 2000

Purpose

Visit Sapphire 2000
